Dear Dr. van Kaam,

Under the auspices of the ICAR DNA Working Group, the Interbull Centre has assessed and compared the Data Interpretation Results file submitted by ANAFIBJ and is pleased to confirm a successful match of results.

As such, ANAFIBJ is now an ICAR certified DNA Data Interpretation Centre for parentage verification, effective November 2024.

As a reminder, this ICAR certification is valid for a period of two years and will need to be renewed in November 2026.

This information and the name of your Institution have been already published in the specific web page of ICAR site ([here](#)), in the “What’s New” page ([here](#)) and on social media managed by ICAR, such as [Twitter](#) and [LinkedIn](#)

With best regards.

Martin Burke
